EXPERIENTIAL SITE VISIT:

Clairemont High School

FOCUS: Wall-to-Wall Transformation of a Comprehensive High School

Through an interactive experience, participants will:

- Get a first-hand look at the four Linked Learning components in action
- Analyze the learning and teaching in a Linked Learning environment
- Hear students and teachers share successes and challenges
- Understand how English Language Learners and students with disabilities are accommodated
- See how marketing and branding enhance a culture of cohesion and community
- Learn how design, including specific types of furniture, help create a collaborative work environment
- Reflect on how the visit can help influence their own work
